Banerjee is renowned for his virtuosity and his improvisational ability. He is a uniquely creative player who is unafraid to explore new paths in addition to showing mastery of the rich and complex tabla repertoire.

Banerjee is a long-time disciple of Swapan Shiva of the Farrukhabad gharana. Additionally he studied for several years with Pandit Manik Das of the Benares gharana.

He has toured with many of India's leading musicians, including Pandit Ravi Shankar, Pandit Hariprasad Chaurasia, Ustad Amjad Ali Khan, and Pandit Shiv Kumar Sharma. In addition, he has performed with jazz greats such as John McLaughlin.

Witness a rare tabla solo recital by Pandit Subhankar Banerjee, considered by many to be the most virtuosic tabla player of his generation.
